# Chief Editor's Note

Alhamdulillah, 2023 is a very meaningful year for UiTM Sarawak in which it will celebrate its 50th anniversary. UiTM Sarawak has reached half a century old and it has been proven that the staff are committed to the development of their students. It shows that UiTM has fairly matured as an organisation. It started with just being known as a RIDA Training Center and now UiTM is one of the public higher institutions that has produced many graduates as well as in UiTM Sarawak, especially Bumiputeras from Sarawak and Sabah.

I myself seem to have been lulled into a dream because I was given the opportunity to serve the role as Coordinator of Jaringan Alumni under ICAN UiTM Sarawak to drive UiTMCS members, especially its alumni, towards Globally Renowned recognition all over the world. In Syaa Allah, may Allah ease our journey. Aamiin.

This e-magazine is mainly focusing on Management of Business Records and how it is related to the management of alumni records as its core business. The Alumni can help with global admissions and recruitment efforts, career and professional development, local and state advocacy or lobbying and through their generous philanthropic support.

All articles and write-ups included in this e-publication are based on research or non-academic research of the university. The purpose of publishing this e-magazine is to record and bring us together through strengthening the engagement of the alumni in university and how to strengthen this relationship so that we can create meaningful values in return to our graduates through projects and programmes of the university to reach its achievements which is related to the development of UiTM Sarawak alumni starting from the year 1973 until now. They are part of the history.

One of the best parts is the network that comes with it. An alumni network connects you, as a graduate, with a number of professional contacts and other graduates from the university.

"Being willing to share the lessons learned on your journey, strategies for meeting challenges, and find opportunities for growth and connection are a few good moves. It all starts with a question, 'Hello, how can I help you?'"

Last but not the least, strike for the best and strive for excellence throughout our most productive year at UiTM Sarawak.

Happy 50th Anniversary, UiTM Sarawak!  
May God Bless Us All.

Lots of Love,

**SURIANI BINTI JACK**

E- magazine article can discuss trending topics and themes, or more specific ones such as geography, cuisine, fashion, music, and other fields in interest. Nonetheless, all of these magazine articles need to abide by the principle of writing the latest events in order to make the readers interested with the recent events. Furthermore, a magazine article sometimes needs to include interviews with the interviewees to get the most accurate information. For this magazine, we focus on Alumni. I hope the readers especially UiTM students will enjoy read our magazine and proud to be UiTM Alumni in future.

# CHAPTER 1: KEY STAKEHOLDERS

Alumni form an essential group of stakeholders for any university. They play a vital role in shaping the reputation, growth, and success of their alma mater. As former students who have experienced the transformative power of education, alumni possess a unique perspective and a strong connection to the institution. In this article, we will explore the significance of alumni as stakeholders and highlight the valuable contributions they make towards their universities.

Alumni can be of enormous value for higher education institutions because of the time and money they can spend on their former institution. (Snijders, Wijnia, Rikers, & Loyens, 2019)

Former students or alumni of an institution can play an immensely positive role in higher education transformation. The alumni have the great potential to conduct fundraising. It has equally great ability to build a skills and knowledge sharing network. It is therefore strategic for institutions of higher learning to establish and maintain good relations with its alumni by inviting them in decision making, network building and development processes towards the overall advancement of any institution. (Tulankar & Grampurohit, 2020)

Alumni are invaluable stakeholders for universities, offering a range of contributions that extend far beyond their time as students. Their financial support, mentorship, advocacy, and volunteerism help shape the future of their alma mater. By actively engaging with alumni, universities can tap into their vast resources, creating a symbiotic relationship that benefits both parties. Recognizing the significance of alumni and nurturing their involvement is crucial for universities seeking to thrive and maintain their position as centers of knowledge and innovation.

# CHAPTER 2 : RECORD AS A STRATEGIC BUSINESS

ARTICLE 2 BY NUR LIYANA ALISHA

## PRESERVING THE PAST, EMPOWERING THE FUTURE: THE IMPORTANCE OF RECORDS ABIDING BY THE NATIONAL ARCHIVES OF MALAYSIA

**In** the bustling city of Kuala Lumpur, tucked away amidst history and culture, stands the National Archives of Malaysia, a custodian of the nation's past. This prestigious institution plays a pivotal role in safeguarding our collective heritage by preserving historical records that encapsulate the essence of Malaysia's journey. Let's us delve into the vital significance of abiding by records at the National Archives and how it shapes our identity and paves the way for a promising future.

### Preserving Historical Treasures

The National Archives of Malaysia holds a collection of historical treasures that represent Malaysia's past. These records, including documents, photographs, and artifacts, preserve the memories and experiences of our ancestors. By abiding by records at the National Archives, they are kept authentic, reliable, and accessible for present and future generations. Additionally, the National Archives of Malaysia takes a leading role in governing the management of electronic records in the public sector, from creation to disposition (Shafie, 2007).

### Documenting National Identity

Records at the National Archives capture the defining moments that have shaped Malaysia's national identity. They narrate the stories of diverse communities, historical events, and cultural traditions that contribute to our unique heritage. By preserving these records, we safeguard the core of our national identity, fostering a sense of unity and pride among Malaysians of all backgrounds.

### Transparency and Accountability

Records abiding at the National Archives serve as a testament to transparency and accountability in governance. Governments are accountable to the people they serve, and a robust record-keeping system ensures that decisions, policies, and actions are documented and open to scrutiny. By adhering to records management practices, we reinforce the principles of good governance and build public trust in our institutions.

### Fostering Historical Research and Education

Historical records preserved at the National Archives provide an invaluable resource for researchers, scholars, and students seeking to understand our past. Through these records, we gain insights into our society's evolution, the challenges we have overcome, and the accomplishments we have achieved. By upholding the importance of records, we empower a culture of historical research and continuous learning.

## Business Continuity Planning for Alumni Entrepreneurs: Ensuring Resilience and Success

By Aisyah Humaira

For alumni entrepreneurs, starting a business is an exciting and difficult path. But the road to success is frequently paved with unforeseen setbacks and uncertainties. A thorough business continuity plan (BCP) must be created by alumni entrepreneurs in order to reduce risks and protect their businesses. An organization's business continuity plan (BCP) acts as a road map, offering a structured method to recognise and respond to potential threats while assuring the continuous running of their operations. We shall examine the essential elements and significance of a BCP for alumni businesses in this article.

**A**s an alumni entrepreneur, you have put in countless hours and resources to build your business. However, what would happen if a natural disaster or other unforeseen event disrupted your operations? Would your business be able to survive and recover?

The first step in business continuity planning is to identify potential risks to your business. This may include natural disasters such as floods, earthquakes, and hurricanes, as well as man-made disasters such as cyberattacks, power outages, and supply chain disruptions. Once you have identified potential risks, you can develop strategies to mitigate those risks. This may include implementing backup systems, developing an emergency response plan, and establishing relationships with key suppliers and vendors.

In addition to developing a business continuity plan, it is also important to have insurance coverage that can help protect your business in the event of a disruption. This may include property insurance, liability insurance, and business interruption insurance. You should work with an insurance professional to ensure that you have the coverage you need to protect your business.

In conclusion, business continuity planning is an essential process for alumni entrepreneurs who want to ensure the resilience and success of their businesses. By identifying potential risks, developing strategies to mitigate those risks, and creating a plan to maintain your operations during a disruption, you can help protect your business and avoid costly downtime and lost revenue. By working with insurance professionals and communicating your plan to your employees and stakeholders, you can ensure that everyone is prepared and knows what to do in the event of a disruption.

## THE IMPORTANCE AND CHALLENGES OF BUSINESS RECORD MANAGEMENT IN AN ORGANIZATION.

### Webinar

**BY: NUR ASFAARISSA**

The webinar focused on highlighting the significance of effective business record management within an organization and the challenges associated with it. The speaker emphasized the importance of proper record management practices in maintaining compliance, improving operational efficiency, and mitigating risks.

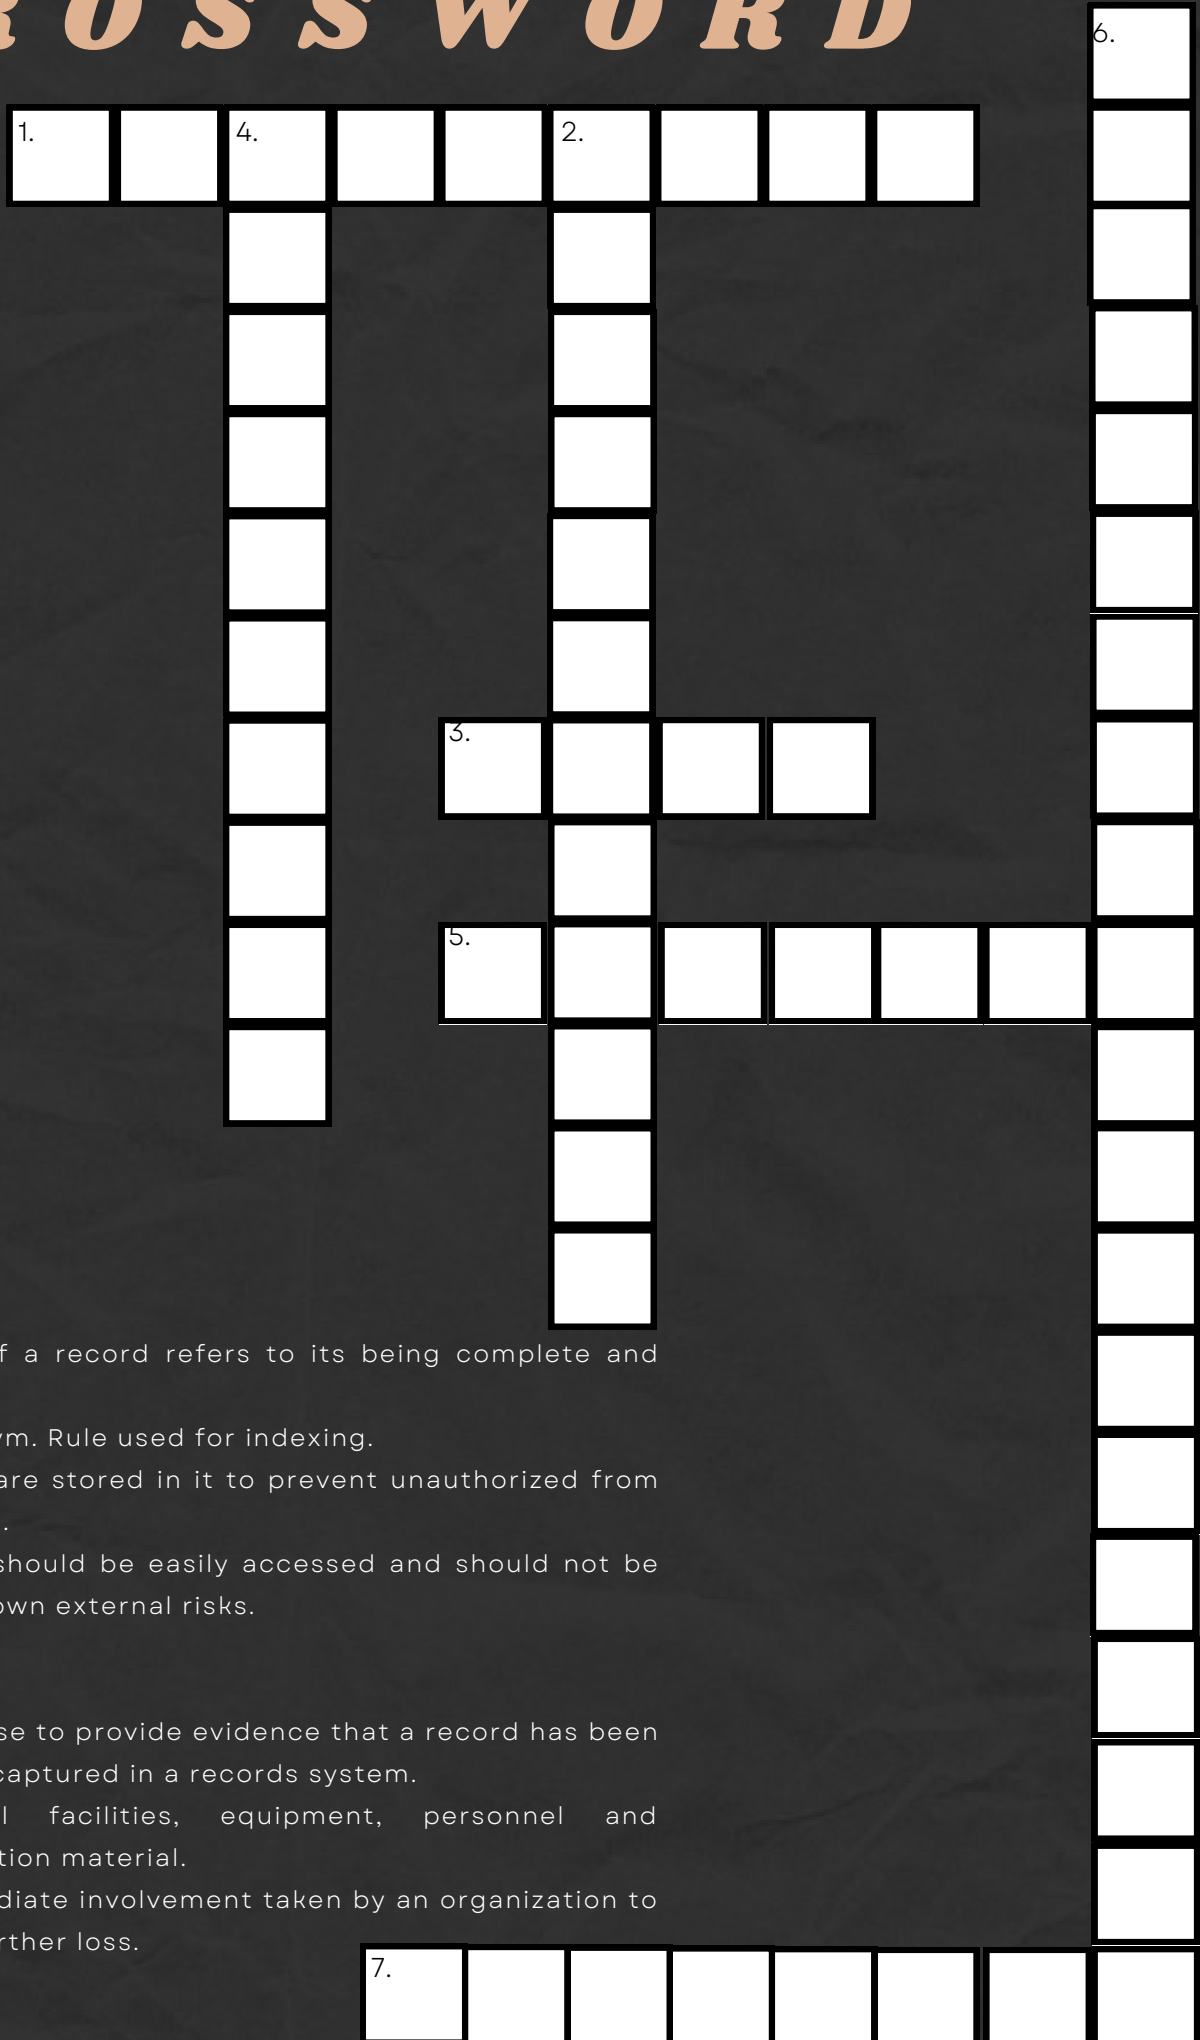

The webinar emphasized that effective record management is vital for organizations to ensure legal and regulatory compliance. Properly managing records helps in meeting legal obligations, such as data privacy and retention requirements. It also enables organizations to retrieve information quickly, make informed decisions, and demonstrate transparency and accountability.

### Discussion

The speaker, Mrs. Nor'ainzie binti Turkey, Executive, Sarawak Energy discussed how business record management plays a crucial role in compliance and risk management. By implementing robust record management practices, organizations can protect sensitive information, maintain data integrity, and minimize the risk of data breaches, legal disputes, or non-compliance penalties. The webinar highlighted the common challenges faced by organizations in managing business records.

These challenges include a lack of standardized record management processes, inadequate infrastructure for storage and retrieval, insufficient staff training, and the rapid growth of digital data. The webinar underscored the importance of effective business record management in organizations. It emphasized the significance of compliance, risk management, operational efficiency, and cost reduction.

# STRATEGIES TO IMPROVE ALUMNI ENGAGEMENT AT UITM SARAWAK

BY ASFA ARISSA

Alumni engagement plays a crucial role in the success and reputation of any educational institution. Universiti Teknologi MARA (UITM) Sarawak recognizes the significance of nurturing a strong and active alumni network. By fostering meaningful connections with alumni, the university can leverage their expertise, build collaborations, and enhance its overall standing.

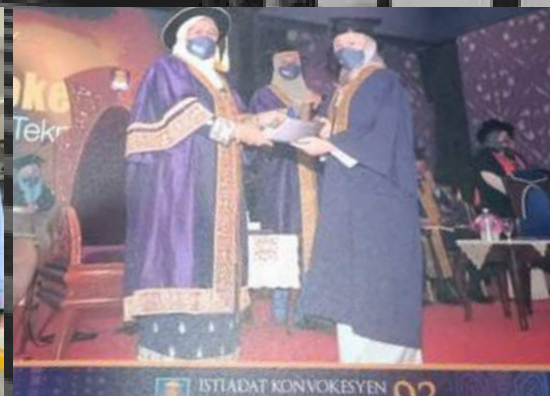

Establishing clear and consistent communication channels is essential for effective alumni engagement. UITM Sarawak can utilize various platforms such as social media, email newsletters, and an alumni website to provide updates on university initiatives, events, and achievements. Regular communication ensures alumni stay connected with the institution and encourages their active participation.

To engage alumni, UITM Sarawak can design tailored experiences that cater to their interests and needs. This could include organizing networking events, seminars, and workshops specific to their professional domains or industries. By providing value-added opportunities, the university demonstrates its commitment to alumni success and fosters a sense of belonging within the alumni community.

UITM Sarawak recognizes the importance of nurturing strong ties with its alumni community. By implementing effective strategies such as strengthening communication channels, creating personalized experiences, establishing mentorship and volunteer programs, recognizing alumni achievements, fostering networking opportunities, and utilizing alumni data, the university can enhance alumni engagement and create a vibrant and supportive network. The active involvement of alumni will contribute to the growth and success of UITM Sarawak and further strengthen its reputation as a leading educational institution.

# TABUNG SERI KENYALANG

By Khairul Anwar Saadi

"Tabung Seri Kenyalang: Empowering Future Graduates"

In conjunction with the 96th UiTM Convocation Ceremony, UiTM Sarawak introduced the "Tabung Seri Kenyalang" (TSK) fund. Established in 2018, TSK aims to assist (B40) Bumiputera students in need by providing financial support for tuition fees, living expenses, allowance for industrial training and even aiding in times of misfortune such as accidents or natural disasters.

To ensure the fund's continuity, the Industry, Community, and Alumni Unit (ICAN) set up a counter during the ceremony on June 12, 2023, for future graduates to make contributions. Donations of as low as RM10 can easily be made by scanning the provided QR Code on the poster.

In appreciation of the graduates' contributions, specially designed batik handkerchiefs were awarded to celebrate their success at Universiti Teknologi MARA. By donating a mere RM10, future graduates can make a meaningful impact and help fellow students achieve their academic and personal goals through TSK.
